

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

P R E F A C E .

It seems hardly necessary to indulge in even *brief* introductory remarks upon a work of this kind. Its importance and general usefulness must be at once obvious to all who are in any way connected with books. Containing as it does the titles of most of the works that have been published in this country during the past year, including new editions and reprints, it presents a fair index of our literary activity, as well as of the tastes and reading habits of the community. As a good Catalogue has been happily denominated "The Eye of the Library," so this Annual Book List may be denominated the Eye of the Book Trade in the United States.

The titles are given under the authors' names, when known, and with sufficient fullness to indicate the work. In order to aid the memory and facilitate research, cross references have been multiplied, especially in popular fictitious works, which being oftentimes ephemeral in their character, are known by their titles rather than by the names of their authors.

The prices are generally given for *cloth bindings*. The variations from these prices, for other styles of binding, can easily be made by those who may have occasion to consult the work.

A brief Alphabetical Index of subjects has been appended, which it is hoped will be found useful in showing what books have been published during the year in particular departments of knowledge. To the general list of the publishers whose works are included in this Catalogue, a special list of the publishers of Boston, New York, and Philadelphia, respectively, has been added.

The labor and research necessary to bring even so small a work as this through the press, can only be appreciated by those who are accustomed to bibliographical pursuits. Errors in a Catalogue of whatever kind, it is of course impossible to avoid. However imperfectly the task of compiling this Catalogue has been accomplished, it contains information that is generally needed, and which can not readily be found elsewhere.

With these explanations and remarks, the work is respectfully submitted to the Trade and the Literary public.

ROOMS OF NEW YORK BOOK PUBLISHING ASSOCIATION,
348 Broadway, New York, Sept. 1st, 1855.

The American Publishers' Circular, AND LITERARY GAZETTE,

ISSUED BY THE NEW YORK PUBLISHERS' ASSOCIATION,

Devoted to the Interests of the Book Trade throughout the United States.

CHARLES B. NORTON, Assistant Secretary for Association.

PUBLISHED EVERY SATURDAY.

EACH NUMBER AVERAGING SIXTEEN PAGES, IN QUARTO. PRICE TWO DOLLARS PER ANNUM.

THE object of this Journal is to promote the acquisition and circulation of EARLY and AUTHENTIC INTELLIGENCE on all subjects connected with PUBLISHING and the TRADE in BOOKS.

While the chief aim will be to render it useful to PUBLISHERS and BOOKSELLERS in every part of this country and in Europe, it is also intended to make it such a journal as will be sought for, and indeed will be found indispensable, by LIBRARIANS, not only of large institutions in large cities, but of every village LYCEUM and CIRCULATING LIBRARY throughout the United States, and also by Book-buyers, generally.

It will preserve some of the features of the *Literary Gazette*, heretofore so creditably published by Mr. NORRIS; but it will be issued *weekly* instead of twice a month.

Full and ACCURATE LISTS of ALL NEW PUBLICATIONS, American and Foreign, will be given in every number; preceded by LITERARY INTELLIGENCE, STATISTICS, and various information connected with the PUBLISHING and LITERARY WORLD.

In addition to these Statistics, and the COPIOUS LISTS of ALL NEW BOOKS—which will be the only full and authentic record of the publishing business in this country—it is expected that all the Publishers of Books in New York, Boston, Philadelphia, &c., will make this journal their regular

OFFICIAL MEDIUM FOR ADVERTISING

their publications, and communicating with the Trade and with the reading world.

It will be issued under the supervision of the Committee of the Publishers' Association, who have made arrangements with Mr. NORRIS, as Assistant Secretary and Librarian of the Association, to attend to all the details, under the general rules adopted for securing the confidence and coöperation of

ALL MEMBERS OF THE TRADE

in New York and elsewhere, viz.:

- I.—ENTIRE IMPARTIALITY in regard to all statements of facts and all intelligence given in the literary part of the paper. The Committee will claim and exercise no privilege or attention in the columns of the paper, which is not guaranteed equally to every publisher in the land. The paper will attempt no criticisms. It will simply record *facts*.
- II.—ENTIRE UNIFORMITY in the style and type of the advertisements.
- III.—The price of the paper and of the advertising to be regulated and modified from time to time, so as to cover the expenses only. Thus, every publisher will pay only the actual cost of his advertisement.
- IV.—Each advertiser will have the privilege of being supplied with copies of the paper for gratuitous distribution, at the rate of \$3 per hundred—being the actual cost of paper and presswork.

TERMS FOR ADVERTISING.

For Single Columns, four on a page, in Nonpareil, (120 lines to a column), \$300 per annum
For Half Column, 175 "
For Double Columns, two on a page, 600 "
